

MicroMech™ Angle Brackets

- **Ideal for building 3-axis stages**
- **Two sizes available**
- **Aluminum construction**

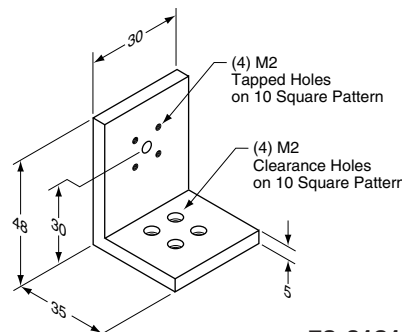

MicroMech™ Angle Brackets are designed to allow two or three MicroMech stages to be combined to form multi-axis translation stages. They are available in a short low profile version as well as a longer, taller version. Mounting screws are supplied with all Angle Brackets.

72-0113

MicroMech Angle Bracket, Short

72-0121

MicroMech Angle Bracket, Long

3 Dimensional Linear Stage

Using these angle brackets and three MicroMech Linear Stages it is possible to construct a 3-axis x-y-z stage with excellent accuracy and rigidity.

Specifications

Material: Aluminum

Hole Patterns: M2 on 10 mm centers

MicroMech™ Angle Brackets
