

GLASSES SAFETY KIT

VISIBLE AREA_{405nm - 642nm}

In a Glasses Case

- All in one option for the most common wavelengths in the VIS area
- 3 different lasershield inserts to plug in easily into basic frame
- high quality case for storage

Specifications:

EC2 Frame

- 190nm - 398nm

Optical Density

7+

ARG insert (405nm & 488nm)

- 180nm - 532nm

7+

ZSA insert (561nm)

- 532nm & 561 nm

3+ (both wavelengths)

RA3 insert (642nm)

- 625nm - 660nm

3+

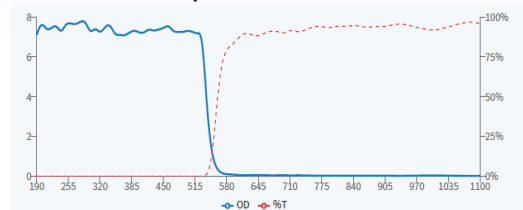

Information:

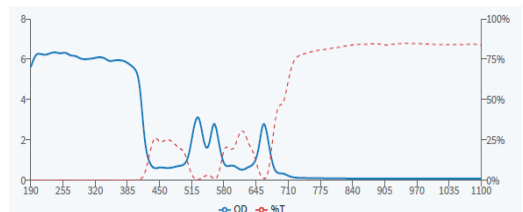

Package Includes:

- Storage Case
- Basic Glasses EC2 Frame
- ARG insert
- ZSA insert
- RA3 insert

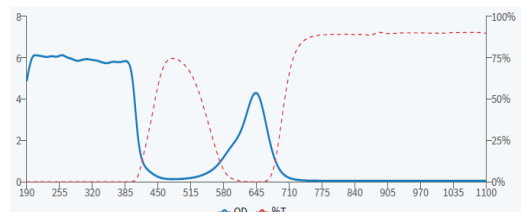

ARG INSERT (405NM)
